Ms. Barbra Williamson  
Chair – Landfill Expansion Task Force  
1685 Simi Town Center Way  
Simi Valley, CA 93065

Dear Barbra,

Thank you for your inquiry regarding our intent to request a full Environmental Impact Report (EIR) with respect to the proposed expansion of the Simi Valley Landfill and Recycling Center. Your information is correct; we have always intended that the environmental review will be conducted as a full EIR in compliance with the California Environmental Quality Act (CEQA).

We have expressed our opinion to County staff that a full EIR should be done for this project and we are committed to that end. While the County, as the lead agency under CEQA, has the discretion to determine whether and how an EIR should be prepared, we believe that our request for a full EIR will be respected by the County.

Respectfully,

Mike Williams  
Director of Projects  
Waste Management
